### Become an EIAA Arts Imaginarium Member Today!

A \$40.00 yearly membership is required for students to participate in the Arts Imaginarium classes. See the Membership Form for more details.

EIAA would like to thank the Greater Cedar Rapids Community Foundation and General Mills for sponsoring the programming at the Arts For Life Campus.

For questions regarding the Arts For Life Campus, please contact EIAA Executive Director, David Griffin, at 319-350-1805 or email [info@eiaaprogram.com](mailto:info@eiaaprogram.com)

# ARTS IMAGINARIUM

— 2014 Fall Term —

## ART — THE STUDIO

### All-A-Board: Painting

Thursdays 4:30-5:30

Grades 3-5

With a little imagination and a lot of paint, you can transform your old games, toys and household items into a meaningful piece of art. Don't worry if you don't have an old game—we will supply a variety of game boards for you to use.

Instructor: Heather Wagner  
Class capacity 12

### Eco Art: Art Installation

Mondays 3:30-4:30

Grades 6-9

Eco-Art is constructed with natural materials and designed to exist in harmony with nature. Students will study the art of Andy Goldsworthy, a noted British sculptor and naturalist. The class will design and create a sculpture that compliments a natural setting somewhere outdoors in Cedar Rapids. No experience needed!

Instructor: Jim Jacobmeyer  
Class capacity 12

## MUSIC — THE CAVE, CR

### Rock Band

Tuesdays 6:00-7:00

Grades 4-8

Bring your friends and form a band! Aspiring musicians (beginners to intermediate) will form groups to collaborate with using guitars, keyboards, drums, or your own instrument. Students will learn a set of two songs, play multiple instruments and practice skill techniques. The groups will informally perform together. Bring your instrument or borrow one from the Academy. Exciting live performance and recording studio opportunities will be available at the end of class.

Instructor: Clint Cornell  
Class capacity 12

### Junk Rhythm

Mondays 6:00-7:00

Grades 6-12

Make music with unlikely objects: buckets, lids, crates, cans and pipes, pots and pans, even the kitchen sink! Bang on things without getting yelled at! (Parents won't see you.) Learn the ensemble skills of listening and cooperation as you improvise and make some sweet noise. Exciting performance opportunity at the end of class.

Instructor: Clint Cornell  
Class capacity 15
